

AIRSTREAM® Flying Cloud

2026 TRAVEL TRAILERS

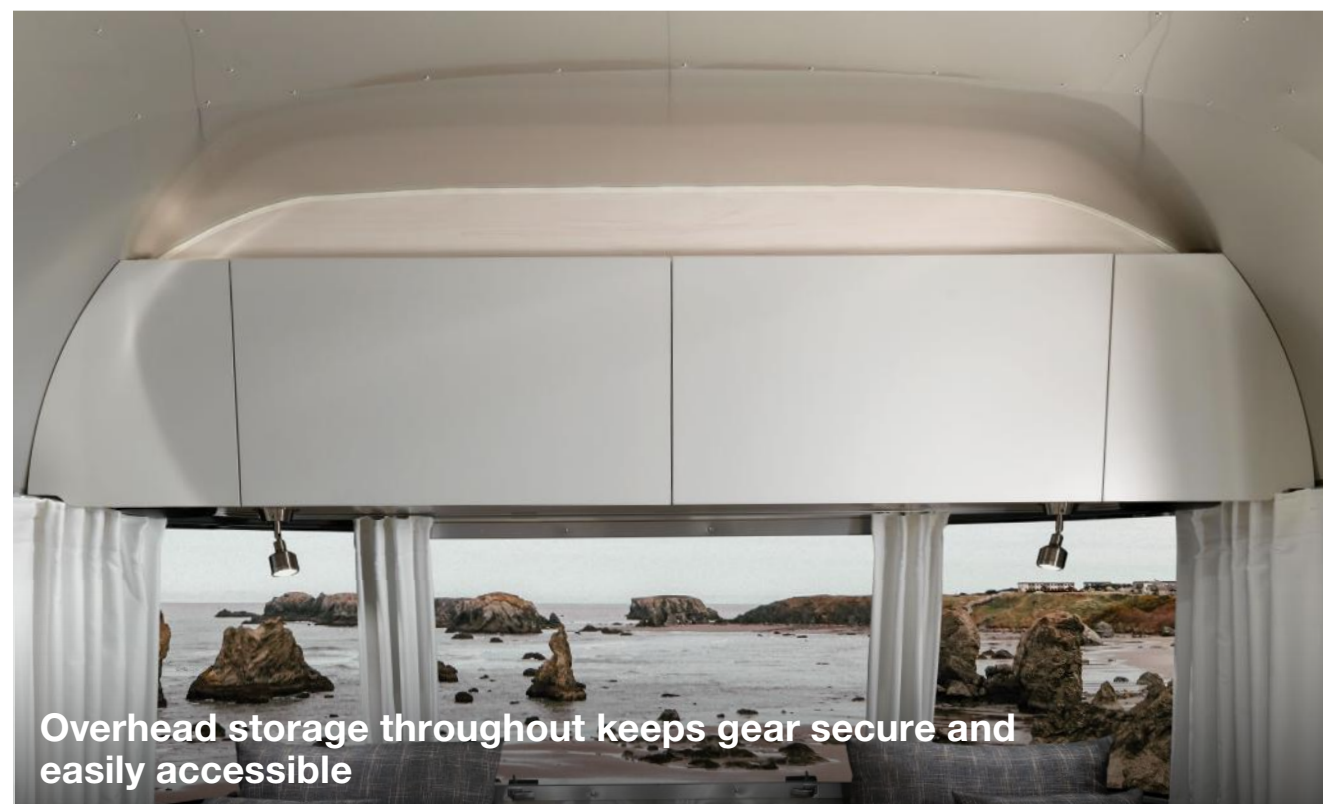

About Flying Cloud

Family friendly and ready to start making your travel dreams come true, Flying Cloud is our most popular travel trailer line for a reason. More floorplans than any other Airstream model line mean more options to tailor it to your specific needs. From the Work from Anywhere optional Standing Desk, Bunk, and Rear Hatch upgrades in the 25FB and 27FB models, Flying Cloud is packed with features that let you bring along the comforts of home and focus on making the most of your travel. Work, play, learn, and explore on the adventure of a lifetime in the Airstream Flying Cloud Travel Trailer.

- Five floor plan options, from **23 feet to 30 feet** – the most of any Airstream model.
- Ultraleather® seating is **comfortable, durable, and easy to clean**.
- Dinettes and sofas convert easily into **expansive, additional sleeping areas**.
- **Handcrafted cabinetry** is built in-house with high-quality materials that stand the test of time.

Wide counter space for upgraded campsite cooking

Overhead storage throughout keeps gear secure and easily accessible

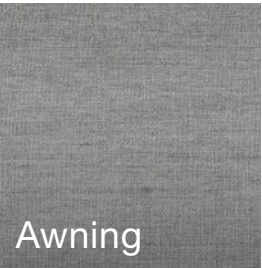

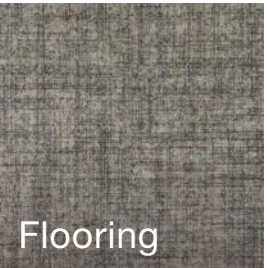

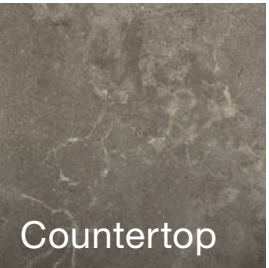

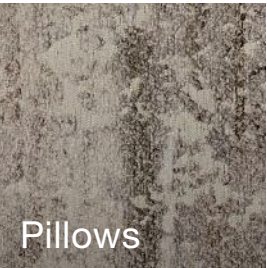

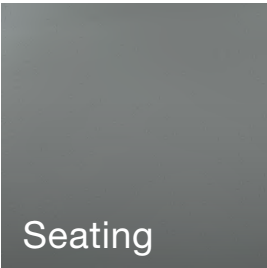

QuietStream™ ducted climate control quickly, quietly, and efficiently cools the cabin

Sunlit Maple with Seattle Mist Ultraleather®

“I love how the décor lets me decorate and add my own personality to the interior.”
JAMEELA FLYING CLOUD 25FB Owner

Cool gray upholstery and warm wood tones combine for an airy, open interior that lets in the light.

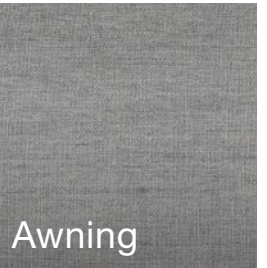

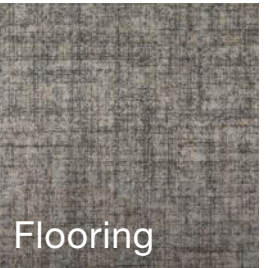

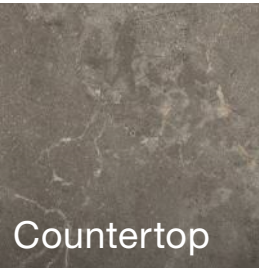

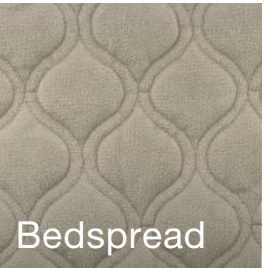

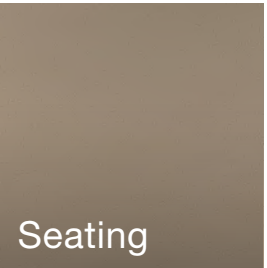

Sunlit Maple with Carolina Clay Ultraleather®

“ So many windows! The natural light just pours” **THOMAS** FLYING CLOUD 28RB Owner

Earth tones in the upholstery balance the warm wood grain throughout, for a neutral color scheme you can put your own spin on.

Floor Plan Options

Queen or twin beds are optional on all floor plans.

“With 30 feet of space and a bunk in the back, our family of six has plenty of room to spread out comfortably. There’s nothing like taking the whole family on an adventure.”
MOLLIE AND JIM Flying Cloud 30FB Bunk Owner

Exterior Features

Timeless style, premium components, and hand-made craftsmanship combine to create the world’s most iconic travel trailer. Named in honor of Airstream founder Wally Byam’s love of the sea and inspired by an 19th century clipper ship, Flying Cloud is built for hitting the road in search of epic travel experiences. The curved shape of the riveted aluminum shell slips efficiently through the wind while expertly designed storage areas let you bring along all the gear your adventure requires.

[Explore more features the Flying Cloud has to offer](#)

1 Retractable Awning

Shade yourself from the sun and expand your living space

2 Exterior Storage

Exterior storage for cables, cords, hoses, and camping essentials

3 Rear-View Monitoring

Easily tow and park with help from a backup camera that delivers visual and audio guidance through a wireless monitor

4 Air Conditioning

Directional A/C vents increase airflow and offer a shut-off function for more comfort and control

5 Optional Solar Panels

Harvest the energy of the sun for off-grid adventures

6 Rock Guards

Stainless steel rock guards and solar window protectors deflect road debris

More Information

With more floor plans than most other Airstream models, Flying Cloud is already one of the most versatile model lines we offer. Expanded optional features allow owners to tailor their Flying Cloud to their particular needs with remote workspaces, extra sleeping accommodations, rooftop solar panels, additional window awnings, and the popular Rear Hatch option.

- Optional front bunk adds extra sleeping space for little ones and convenient, accessible storage when not in use.
- Optional Rear Hatch opens to allow for easy gear loading and unloading. Bring along bikes, kayaks, and everything
- Optional standing desk features a powered sit/stand workspace, featuring additional electric outlets, a desk chair, and more, making it easy to take modern life on the road.

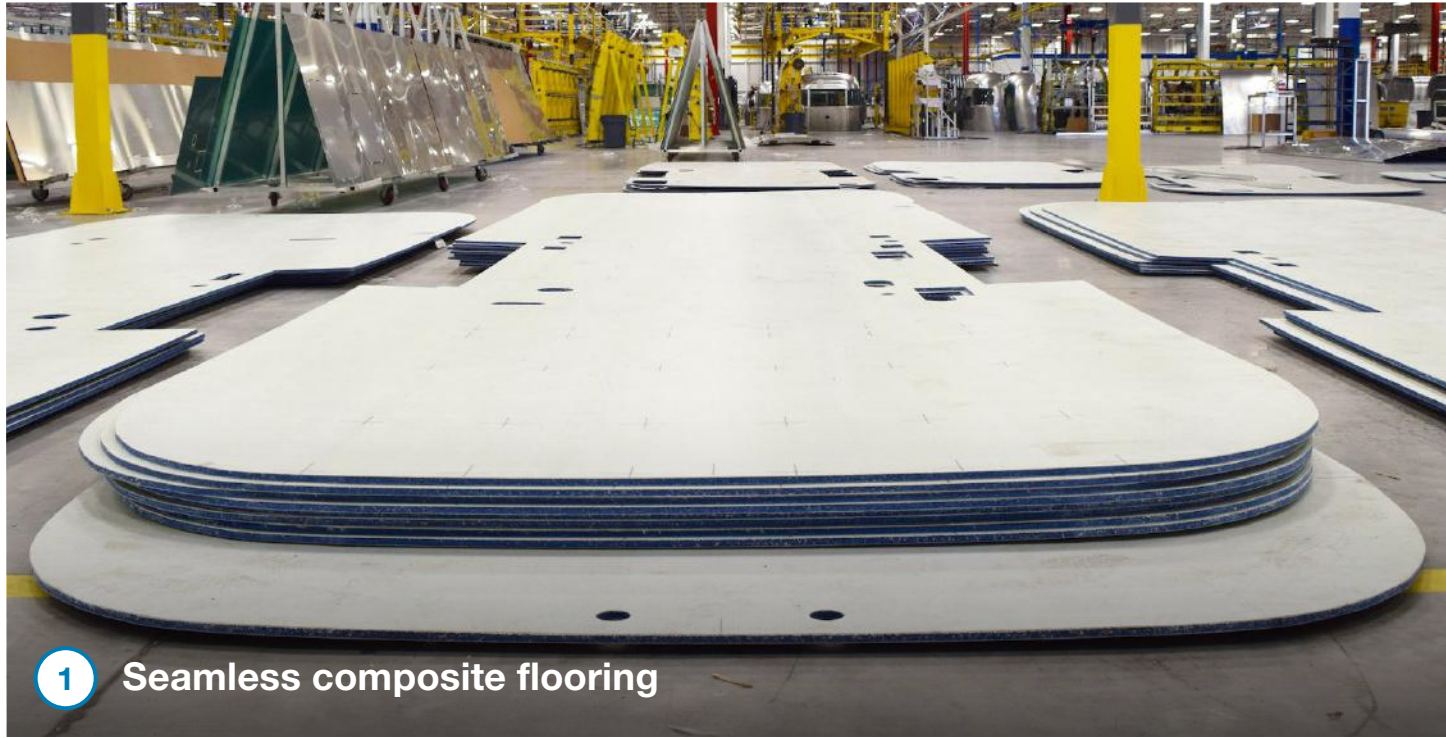

How It's Made

Informed by more than 90 years of quality craftsmanship and expert design, Airstream travel trailers are hand-made in Jackson Center, Ohio. Only the best materials are used – from seamless, waterproof composite flooring, to the hardware and finishes we use to build our cabinetry, to the rivets and aluminum that form the shell. In building our world-famous travel trailers, we rarely do things the easy way. That's why an Airstream travel trailer can last a lifetime – or more – and be passed down from generation to generation for years of enjoyment.

[Schedule a factory tour.](#)
